

THE GUIDE

For project holders

Guided by the values of authenticity, well-being, excellence, and anticipation of the Roquette group, the Roquette Foundation promotes healthier lifestyles and shares good nutrition habits through supported projects in the fields of food, nutrition, and health.

SUPPORTED PROJECTS

The Foundation supports

- Projects in line with its mission: help children and young adults in three areas of intervention:
 - Facilitating access to healthy and sustainable food for the most vulnerable
 - Improving knowledge on the links between food and health
 - Promoting sustainable eating habits that are beneficial to health
- **Concrete achievements**
- Projects with **structured and balanced budgeting**
- **Co-financed projects** to ensure their sustainability
- **Collective actions** in the interest of the common good

The Foundation does not support

- **Lobbying** activities
- **Sponsorship**
- **Operating expenses** of the organization **not related to a project**
- Projects with **religious, confessional, or political character**
- Projects **not complying with standards**: human rights and children's rights, right to work, health and safety of individuals, environmental protection...
- **Sports events**
- **Individual initiatives** such as theses...
- **Scholarships**, research grants, support for school trips...

THE PROJECT

As a project holder, what do I need to commit to?

- To communicate the **project's budget forecast** to the Foundation
- To **justify the use of the allocated grant** (reports, annual statements, etc.)
- **To evaluate and measure** the project's impact (during and afterward)
- To keep the Foundation informed of **the project's progress**
- To adhere to **communication guidelines**

What are the eligibility criteria?

For a project to be supported by the Foundation, it must:

- Be carried out by a **non-profit organization**
- Serve the **general interest** (association, foundation, public institution...)

COMPLETING THE APPLICATION FORM

Identification of the organization

It is the identity card of your organization.

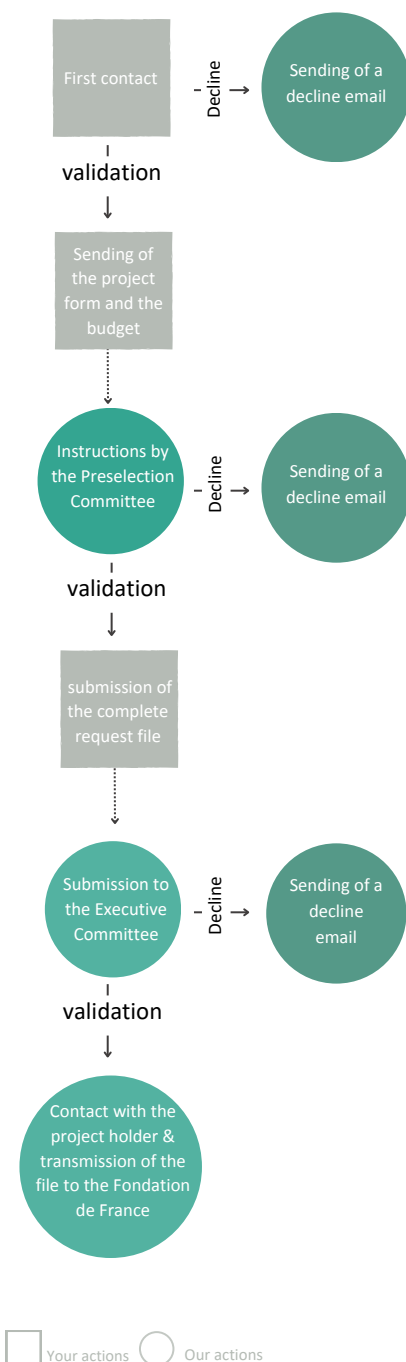

The **essential information** to understand its structure is included there.

Following the discussions you will have had with the Roquette Foundation team, you will be able to register your project in the intervention axis that best corresponds to it.

General presentation

Concretely, how does your organization operate on a daily basis? Here, provide more information about **its activities, scope of intervention, target beneficiaries, organization, budget, and main financial partners.**

THE PROCESS OF A SUPPORT REQUEST

The project presented to the Roquette Foundation

For the Preselection Committee, and subsequently, the Executive Committee to understand the project you are presenting to the Roquette Foundation, explain here the project

- Its **name**
- **Scope of action**
- What led your organization to **conduct this project** (social, economic context, studies...)
- **Summary**: these 10 lines will allow the Foundation's experts to grasp your project at a glance: be concise and impactful!
- **Beneficiaries**: age, geographical area, specificities
- **Contribution** to beneficiaries: in the long term, what will your project enable for the beneficiaries? How is it different?
- **Timeline**: Based on the project's duration (and the duration of support requested from the Foundation), what is the project's timeline in broad terms?
- **Impact**: How do you justify the project's impact on the beneficiaries? How does your project fit into the long-term perspective?
- Detailed **budget** specific to the project

ROQUETTE GROUP

Roquette is a family-owned global leader in plant-based ingredients and a leading provider of pharmaceutical excipients. Founded in 1933, the company currently operates in more than 100 countries, through more than 30 manufacturing sites, has a turnover of around 5 billion euros, and employs around 10,000 people worldwide.

Life and nature have been our sources of inspiration for decades. All our raw materials are of natural origin. From them, we enable a whole new plant-based cuisine; we offer pharmaceutical solutions that play a key role in medical treatments; and we develop innovative ingredients for food, nutrition and health markets. We truly unlock the potential of nature to improve, cure and save lives.

Thanks to a constant drive for innovation and a long-term vision, we are committed to improving the well-being of people all over the world. We put sustainable development at the heart of our concerns, while taking care of resources and territories. We are determined to create a better and healthier future for all generations.
